

DO YOU WANT TO HELP GIVE LIFE TO THE SAWGRASS NATURE CENTER AND WILDLIFE HOSPITAL ?

You can by adding your name (or that of a loved one) to our ***"TREE OF LIFE"***.

Our Tree is prominently displayed on a beautifully painted mural of the Everglades located in the main lobby of our administration building for all to see. Leaves will be engraved with the names of those who have helped give the Sawgrass Nature Center life and who provided funds to help save the lives of our wildlife patients. You can honor those you love and care about in a way which lets them know how much you think of them. All you do is make a contribution at the level of your choice and the name of the person (pet) you are honoring and your message of choice will be engraved on a handsome leaf to become a permanent part of the tree for all to see. The leaves of the tree will be copper, silver and gold and can be engraved as you wish with donations of \$100, \$250 or \$500, respectively.

A Great Blue Heron, Egret, Owl, Fox, Raccoon, Squirrel, Turtle, Frog, Birds & Butterflies are also available for donations of \$1,000 to \$5,000. And one special Eagle available for a donation of \$10,000!

You can buy a leaf on the tree to celebrate special occasions-birthdays, graduations, and retirements - or to show your appreciation for the care provided for a wildlife patient.

Yes, I want to be a part of the "Tree of Life" (Choose your Gift Level)
